Triple Classic Suite

Owner's Suite

The M/V Sea Spirit is an adventure ship and mega-yacht for 114 travelers. All-suite vessel provides the level of comfort that nobody expects to experience in wild places like Antarctica or the Arctic: some of the suites even feature private balconies accessed via sliding glass doors! An ice-strengthened hull, a fleet of Zodiacs for forays ashore, experienced crew, and retractable fin stabilizers for smoother sailing make expeditions aboard this ship adventurous yet comfortable and safe. Inside the ship is a 'floating hotel' with spectacular views from every window, superb international cuisine, and luxury amenities. This ship is among eight Renaissance small cruise ships built in 1991. The concept was, maybe, too innovative for those times, and Renaissance sold the fleet. Nowadays both ships are bringing comfort and style into expedition cruising.

The North Pole

14 DAY VOYAGE

World Quest Adventure Cruises gives travelers one of the most unique and thrilling destinations on earth - the North Pole. Passengers marvel at the once-in-a-lifetime opportunity to explore the vast Arctic landscape and photograph its natural beauty. The Arctic is home to polar bears, walrus and many species of birds, as well as mysterious geological formations found nowhere else on earth. The trip is made by sea, aboard Russian nuclear icebreaker and Zodiac boats; in the air, aboard a helicopter departing from the ship or a hot-air balloon; and on land, in perhaps the most thrilling portion of the journey. Travelers will stand at exactly 90 degrees north at the top of the world, where they will "walk around the world," enjoy a barbecue on the ice and, for the more daring and adventurous, plunge into the Arctic Ocean for an icy swim. Aboard the ship and on the ice, professionals, experts and scientists who have studied the Arctic for decades provide lectures and information at every step of the way. Their knowledge and expertise make the journey educational as well as exciting.

Arctic Expedition Cruising

World Quest Adventure Cruises offers extraordinary opportunities in the Arctic: most of our itineraries combine several Arctic islands, and every island 'sings its own song.' Spitsbergen and Greenland have human settlements; Franz Josef Land, consisting of more than 190 islands, is really a constellation of few totally 'wild' places left on Earth; Jan Mayen has an active volcano, the most northern on the planet. Expedition cruise appears to be the only way to visit the most interesting corners of these remarkable destinations with pristine nature, and gives good chances for close encounters with the Arctic wildlife in natural conditions. Be prepared for your own discoveries and shoot nature films on your own!

FEATURED VOYAGE: SPITSBERGEN & FRANZ JOSEF LAND - 14 DAYS

- Day 1: Longyearbyen, Spitsbergen.** Embarkation
- Day 2-3: At sea.** Lectures about the Arctic
- Day 4-9: Franz Josef Land Archipelago:** Bell Island, Northbrook Island, Tikhaya Bay on Hooker Island, Alger Island, Cape Tegetthoff at Hall Island, Wilczek Island, Wilczek Land, Champ Island, Jackson Island, Stolichki and Appolonova isles.
- Day 10-11: Cruising** back to Spitsbergen
- Day 12-13: Spitsbergen.** Exploring
- Day 14: Longyearbyen, Spitsbergen.** Disembarkation

Champ Island, Franz Josef Land Archipelago: these perfectly round boulders, small and large, are millions years of age. Their origin always is a cause of scientific disputes of the Expedition Team members.

Natural beauty of West, South and East Greenland. Greenland with Aurora Borealis seen from the ship - our voyages reveal it all!
